Product/Service Information

Design

Web Designs by D.DASH & Co. specializes in creating artistic, innovative web designs that are custom-built to accommodate your needs. We will create custom web pages built with a combination of HTML, Adobe, and other web software. Our focus thus far has been providing pages for personal and small businesses, organizations and churches.

Our fee ranges according to how elaborate or the complexity of the web page. A basic static design package with an informational layout starts at **\$600** (limited time only). Regular price designs are as little as \$250 per page.

Maintenance

Whether you need a website, already have a website and, or simply need someone who can manage periodic updates of your website, we can help.

Already existing website
